

# Elderplan: Frequently Asked Questions

## What type of arrangement does HealthCare Partners (HCP) have with Elderplan?

Elderplan has partnered with HCP to enhance value-based care performance. HCP's relationships with PCPs and expertise in population health make us an ideal partner to support Elderplan's Medicare and dual-eligible members.

Effective **4/01/2025**, your practice will receive a monthly PMPM payment from HCP for attributed Elderplan patients instead of fee-for-service reimbursement, also known as a capitation arrangement. Your practice should continue to submit claims directly to Elderplan for services rendered. These claims are necessary for risk adjustment and HEDIS data capture. *Claims will not be reimbursed separately; rather, the PMPM payment from HCP serves as your compensation under this arrangement.*

Providers are expected to deliver proactive care (AWVs, quality gap closures, transitions of care), while continuing to submit claims for risk adjustment, and quality reporting purposes. This partnership ensures consistent payments, improved patient outcomes, and enhanced provider support.

---

## What can you tell me about Elderplan?

Elderplan is a not-for-profit Medicare Advantage plan that has been serving Medicare and dual-eligible (Medicare and Medicaid) patients at every level of health for 40 years. Their longstanding commitment to quality is exemplified by their top rating in the 2024 annual CMS CAHPS Survey, where they received 5 Stars on both Health Care Quality and Rating of Health Plan from their members. They are part of MJHS Health System, which provides a range of healthcare services such as:

- Home Care
- Hospice
- Rehabilitation
- Specialized services in healthcare coverage for seniors and individuals with chronic conditions, to help patients access medical care, prescription drug coverage, and other benefits tailored to their needs.

## What is Elderplan's coverage area?

Their coverage area primarily covers most of the New York City metropolitan area and surrounding counties, such as New York (Manhattan), the Bronx, Queens, Nassau, Suffolk, Kings (Brooklyn), Richmond (Staten Island), Orange, Putnam, Dutchess, Ulster, Sullivan, Rockland, and Westchester.

## What plans are included under Elderplan?

- **Elderplan Flex (HMO-POS):** For Medicare eligible individuals; offers members the flexibility to choose between over-the-counter (OTC) benefits or transportation services to medical appointments; combines medical, hospital, and prescription drug coverage into a single plan.
- **Elderplan Plus Long-Term Care (HMO-POS D-SNP):** Dual-eligible for Medicare and Medicaid members who require help with daily activities; integrates medical, hospital, prescription drug, and long-term care services; individuals receive support from a Care Management team to coordinate their benefits.
- **Elderplan Extra Help (HMO-POS):** For Medicare individuals receiving Extra Help (Low-Income Subsidy); provides comprehensive coverage, including medical, hospital, and prescription drug services, often with low or no premiums and copayments; additional benefits may include gym memberships and wellness incentives.
- **Elderplan Advantage for Nursing Home Residents (HMO-POS I-SNP):** Dual-eligible for Medicare and Medicaid members residing in contracted nursing homes; offers enhanced care with support from Nurse Practitioners or Physician Assistants who collaborate with physicians to develop personalized care plans.

**Note:** Enrollment periods and eligibility criteria vary by plan.
